

Technology to Support Reading Comprehension Objectives

- Comprehend the National Assessment of Educational Progress (NAEP) data and its implications for reading instruction.
- Identify the kinds and characteristics of readers categorized by the Simple View of Reading.
- Recognize the accompanying conditions and impact of a reading disability.
- Explain Florida's Multi-Tiered System of Supports (MTSS)
- Explore various projects, entities, and resources available to educators supporting literacy.
- Define what is meant by Universal Design for Learning (UDL).
- Define Instructional and Assistive Technology.
- Define reading comprehension.
- Identify the three elements of reading comprehension and how they interrelate.
- Explain processes, strategies, and techniques good readers use to understand text.
- Define and understand evidence-based reading comprehension processes and why they are essential for student reading development.
- Recognize which of Florida's standards you are implementing.
- Know and understand B.E.S.T. Standards implementation.
- Demonstrate understanding of "What Matters" with the standards and their design.
- Interpret the difference between literary and informational text.
- Acknowledge access to standards for ALL students.
- Define evidence-based practice.
- Explain the features of explicit instruction.
- Access supports and tools for scaffolding student learning.
- Demonstrate an understanding of ways to intensify instructional delivery.
- Demonstrate understanding that the use of technology should be inclusive for all students to support their learning.
- Identify characteristics of growth and fixed mindset when using technology to support learning.
- Define Accessible Educational Materials (AEM) and understand its legal requirement under the IDEA for students with disabilities.
- Demonstrate an understanding of the Universal Design for Learning (UDL) Guidelines.
- Access technology that supports reading comprehension.
